## Home to School Travel Quick Guide

A new quick guide has been produced to support understanding of home to school travel arrangements. This not only supports children and young people with routine school attendance, but also in circumstances when families move into temporary accommodation.

To access this quick guide and others to support attendance related activity these can be found on the Attendance Toolkit. Details on how to access the Toolkit can be found later on in this update.

## Eid al-Fitr

Eid al-Fitr is one of two Eid festivals in the Islamic calendar.

Eid al-Fitr for the year 2023 is celebrated/ observed on **sundown of Friday, April 21st ending at sundown on Saturday, April 22nd.**

Eid al-Fitr is on the first day of the month of Shawwal (Islamic Calendar) and marks the end of [Ramadan](#) (month long fasting) and the beginning of a feast that breaks the fast.

In line with the guidance to schools on attendance, schools allow one day authorised absence for Eid for religious observance. Code R: Religious observance code must be applied to the registers for those CYP who are absent because they are celebrating Eid.

## Coronation of His Majesty King Charles III bank holiday

- The Government has announced a one-off bank holiday on **Monday 8 May** 2023 to mark the coronation of

His Majesty King Charles III.

- Schools and further education providers are not expected to remain open, and it should be treated as any normal bank holiday.
- For early years providers, as with other bank holidays, it is at the discretion of individual settings whether they close or stay open. There would be no expectation for early years and childcare settings to remain open on the bank holiday.

## Industrial Action Update

The National Education Union (NEU), NASUWT, Association of School and College Leaders (ASCL) and National Association of Head Teachers (NAHT) have rejected the government's pay offer. The NEU has announced planned strike action for Thursday 27 April and Tuesday 2 May.

The [handling strike action in schools](#) guidance has just been updated.

The guidance updates include further information on prioritising pupils due to take public examinations and children of emergency workers

## Recording pupils' attendance

If a school has to restrict attendance by telling some pupils not to attend school on a strike day, the **Y code** should be used for pupils who told not to attend. Pupils who are required to attend should be marked in the normal way. If a pupil is required to attend school on a strike day but does not, then they must be recorded as absent. The Y code does not count towards the pupil or school's absence record.

## Register your interest in the new sector-led school attendance hubs

The

Department for Education are launching new sector-led school attendance hubs.

Primary, secondary, special schools and alternative provision providers who wish to register their interest in joining a hub and receiving free school attendance support should complete the [short application form](#) by Monday 8 May.

Attendance hubs will be led by senior leaders in schools with strong attendance practice, who will share the strategies and resources they use for improving attendance.

Participating schools will be expected to revisit and revise their systems and protocols for managing attendance and join half termly virtual hub meetings to share practice and discuss progress and challenges.

This programme builds on a pilot hub established last year, led by North Shore Academy, which saw some participating schools achieve significant reductions in their absence and persistent absence rates.

## International Rescue Committee ‘Healing Classrooms’ FREE Training

The [International Rescue Committee](#) is delighted to offer their free training programme to educators in Bristol.

## What is the Healing Classrooms programme?

Crises, conflict and displacement have a direct and profound impact on the physical integrity, well-being and learning ability of refugee children and young people. With the right support, the negative effects of suffering and stress can be reduced and refugee children can heal, grow, learn and thrive.

The [Healing Classrooms](#) approach, based on over 40 years of research, provides you with the resources and support to achieve this. It covers **how to provide safe and supportive learning environments** for refugee students in your school alongside practical advice and resources on **how to incorporate social-emotional learning and trauma-informed pedagogy** into the curriculum.

To register for this free online training, please click the link below:

### Online training sessions

The training consists of **3 online sessions** led by an IRC education specialist who has experience of the English education system as well as having worked with refugees both in this country and abroad. The sessions will provide you with an opportunity to learn about the Healing Classrooms model and to share expertise with other educators.

Each session will last around 1h30min and will take place on **Wednesday 10 May, 17 May and 24 May at 4 pm**. Once you have registered, we will send you a Healing Classrooms educator handbook in the post. You will need this during the sessions.

## Compare pupil attendance with other schools in your local authority

78% of schools are now sharing daily attendance data with the DfE.

This month, the DfE are rolling out new functionality to allow mainstream schools

that are sharing data to compare attendance with other schools within their local authority area. Once this is available, you will be able to see the 'compare your attendance tab' in [view your education data](#).

The tool will help schools to identify strengths and priorities and signpost to additional guidance and support.

All schools can continue to view local authority level attendance data using the [pupil attendance dashboard](#), which is updated fortnightly.

To share daily attendance data and get access to these tools, please [email Wonde](#). If you already use Wonde, please accept the request from us in your Wonde portal.

**Please note the data trial does not replace any data collection currently in place with the local authority. In addition, the data pack due to be released shortly by the local authority will supplement the information provided through this data trial, not replace it.**

## **Admissions messaging supporting** early identification of Children Missing Education **Action Required**

To ensure all children and young people receive a place at a school or education provision in a timely way, in circumstances where schools and settings are unable to offer a place, we request that the following information is included in any written correspondence to parents and carers:

*We are sorry that we have been unable to offer your child a place at our school.*

To help support your child access education provision please email [childrenmissingeducation@bristol.gov.uk](mailto:childrenmissingeducation@bristol.gov.uk) if you live in Bristol and:

- *your child is not currently on roll at a Bristol school or receiving elective home education*
- *you applied directly to a school and were told there are no places in the appropriate year group*
- *you applied directly to a school more than 10 school days ago and have not had a response*

If you manage your own in-year admissions arrangements, and you are unable to offer a place please also complete the Child Missing Education form to notify the local authority of this situation, further details including the notification form are found in the link below:

[Children missing education \(CME\) \(bristol.gov.uk\)](https://www.bristol.gov.uk/children-missing-education-cme)

They should still be encouraged to apply for a place for their child please see [School admissions code 2021 \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/91242/school-admissions-code-2021.pdf)

## School Data Packs Update – Data Packs are now live

In the past the Bristol City Council created individual data packs relating to attendance and suspensions. We are now in the process of creating much more comprehensive data packs for all primary, secondary and special schools. It will be published in two tranches, the first being an analysis of data published by the DfE, the second an analysis of your own school's data.

Rather than us sending each school a PDF document, as we did previously, we will be giving each school access to their own bespoke data packs via the internet. Each user will access their school's data securely, and without the need for any software. Although we are producing the packs using Power BI you will not need to have it installed.

In preparation for setting up the links to the data packs when they are available, we are asking each school to nominate one person in your setting to be the main user. This person will then be able to nominate others in the school if they also want access to your school's report.

Please can you follow the link below to provide the details of the nominated member of staff
